

## Laborers Now Earn Cent an Hour in Germany; Teachers \$31.30 Year

**Theatrical Stars Get 75 Cents a Month and Stagehands Demand \$2.40—Doctors Take Other Jobs.**

BERLIN, Oct. 25 (By mail).—Ordinary laborers in Germany receive an average of about 100 marks (1 cent) an hour. Wages for an eight-hour day range from 400 to 1,200 marks, making a monthly pay check of approximately 9,600 to 31,200. An agreement has been effected whereby shoemakers and cabinetmakers receive from 87.15 to 116.55 marks an hour. The trunkmakers have been striking for an hourly wage of 100 marks.

In September the salaries of German newspaper editors were fixed by agreement to range from 16,000 marks to 21,500 (\$1.50 to \$2.15). A scale was adopted providing that newspaper men receive 15,000 marks a month if they are in their first year at the business, 16,000 in the second year, and so on up to 21,500 for a man of eight years' experience. "String" news pays at the rate of 1.60 to 2.75 marks a line, according to its nature. Reporters get 70 marks for small notices, 135 for reports of meetings and 125 for investigations. Articles by critics are paid for at the rate of 275 marks each. A man who works on Sunday gets 500 marks for the day.

The managers of three large theatres in Berlin have announced their houses may have to close because of the wage demands of the stage help. Actors and actresses until recently received a minimum wage of 7,500 marks (75 cents) a month. Now that this has been raised to 22,000 marks, the stagehands are demanding a minimum wage of 24,000 marks monthly.

Many doctors throughout Germany have commenced bartering their services for produce. Cases have been reported in Berlin in which physicians have taken on evening work as musicians in moving picture theatres.

When the board which examines candidates for college teachers' positions recently met, the members protested that the carefree amounted to more than their pay. They asked for 50 marks an hour, but continue to receive only 3.80. Even this is more than three times the 1.20 marks an hour which a student-teacher draws in Berlin to-day. Regular teachers are said to receive a much higher salary, the public schools providing perhaps the outstanding instance of salaries for intellectual workers which compare favorably with those of manual laborers. An unmarried teacher's yearly wages, with expense allowances, amounts to 313,064 marks, (\$31,306) while one who is married gets additionally 2,500 marks for his wife and 23,310 for each child.

A case recently was reported of a professor drawing nearly 12,000 marks a month. An Assistant pays 2,000 marks more than this (\$1,400) every day for a hotel room, with bath, facing on Unter den Linden. Four moderate dinners easily

spend this on drinks and food at one sitting in a first class Berlin cafe.

## PUT OUT ONE FIRE, CALLED BACK TO FIGHT ANOTHER

Second Alarm in Building Several Hours After the First. Several hours after firemen had extinguished a blaze in Frank Ott's restaurant at No. 39 Vesey Street, fire was discovered early to-day in the loft of Wilson's Picture Frame Company, on the second floor, directly over the restaurant. The second fire did damage estimated at several thousand dollars. Battalion Chief Walsh said that the firemen who came to the second fire found a door to the loft open. He said that after the first fire he had gone over the entire building and personally had supervised nailing the door. An Assistant Fire Marshal said he would investigate in an effort to learn who had opened the door.

## THE PARADE OF THE WOODEN SOLDIERS

### OPENS TOY WORLD

Wednesday morning at 10.30 sharp.

What fun! Some of you have seen, all of you have surely heard of that famous Russian show which has made New York shake with happy laughter for nearly a year—*Chasse Sours*, which in English means *The Bat*. For it was first performed in a theatre called *The Bat*, in Moscow, in far away Russia, long before it came to this country. The favorite of all the acts of the *Chasse Sours* is the *Parade of the Wooden Soldiers*, because the music is so gay, and the soldiers are so very stiff and wooden.

Well, the wooden soldiers have consented to parade for Toy World. Not the same wooden soldiers as those who appear in the *Chasse Sours*, to be sure, but some very, very wooden ones, wearing gay Russian uniforms, red, white and black. These soldiers will play not only on the drum, but the trombone, the fife and other band instruments the famous tune of the *Parade of the Wooden Soldiers* which you all know and love.

And in the Parade, following the Wooden Soldiers, will come all sorts

of other exciting people—the King and Queen of Carnival, the funniest clowns you ever saw—roving clowns, and Jack, whose middle name is Shortsnuff, and the Giant Tallenuff and Helen Short, who as you may guess, from her name, is not so very big and who will be dressed to look exactly like a walking doll, a princess doll, of course.

There will be a huge wooden bear walking about on his hind legs and boboons who shake wise heads, a tiger and a whole bevy of Russians in gay, truly Russian costumes will show our American boys and girls what a Russian Christmas is like.

All boys and girls who can possibly be present are invited to the Great Parade, and are urged to be here promptly, before 10.30 Wednesday morning.

Third Gallery, New Building.

After the Toy World Parade at 11.30 Lillian Owen's Marionettes will give a special performance in the Auditorium.

First Gallery, New Building.

Unfortunate but true—the world looks down on a shabby dresser.

Our job's to keep a man looking spruce.

Winter suits and overcoats—quality that wears—style that stays. Prices moderate.

The test of time is also a strong point with our hats, shoes and fixings.
